VOL. XXVI, NO. 180 GAINESVILLE, FLORIDA, SATURDAY, SEPTEMBER 4, 1909 TEN CENTS A WEEK

DR. COOK'S DISCOVERY IS NOT DOUBTED NOW

His Standing as An Explorer Convinces All of His Success in Latest Feat.

COPENHAGEN, Sept. 3.—Dr. Frederick A. Cook's credit stands so high with Danish polar experts that the first message announcing his success in reaching the North Pole, meager as it was, was accepted as conclusive. Commodore Høvergaard said yesterday:

"I believe the message is true, because Dr. Cook is most trustworthy and opposed to all exaggeration."

C. A. Nielson, an official of the Greenland administration department, who is well acquainted with Dr. Cook, and was associated with him in Greenland, said:

"When Dr. Cook says that he reached the North Pole there can be no doubt about it. His scientific discoveries will prove that."

A committee under the presidency of the minister of commerce has been formed to arrange a fitting reception to the intrepid explorer on his arrival at Copenhagen. Dr. Maurice F. Egan, the American minister, will be aboard the special steamer that will be sent out by the Royal Geographical Society today to meet Dr. Cook, who is on his way here on the steamer Hansegade.

The Danish government last night despatched the torpedo boat Jylland from Aarhus to meet Dr. Cook and the Jylland will probably come across the Hansegade off the Skaw. The commander will convey congratulations to the explorer in behalf of the government.

The special committee of the Royal Geographical Society will invite Dr.

Cook to be the society's guest during his stay at Copenhagen. Rooms have been reserved for him at the Hotel Phoenix.

WALLACE ENDORSES COOK.

POUGHKEEPSIE, N. Y., Sept. 3.—Dillon Wallace, the author and explorer, whose companion, Leonard Hubbard, became lost and starved to death while exploring Labrador, in an interview yesterday said that he had implicit faith in Dr. Frederick Cook's wonderful feat. Mr. Wallace had completed plans for an expedition for the relief of Dr. Cook. In his statement yesterday he said:

"I knew Dr. Cook well. You can put implicit trust in his veracity. When he was a boy he exhibited signs of scientific bent. When he could he would read of explorers and study their methods. It is utterly impossible that Cook could merely have found the magnetic pole. His course would not have permitted that. Any one who has visited the country and studied conditions there can realize how impossible it would be for him to reach the magnetic pole from the course he took."

"Dr. Cook started out from Ellesmere Land, and his last letter to his family was from Cape Thomas Hubbard (named after the father of the explorer who died with Wallace) in 1908. From there Cook pushed on to Cracked Land and then went north-eastward. From that point the rest of his direct journey was completed. Thus it will be seen that the magnetic needle lying in an opposite di-

HAS BEEN TWICE ENTERED.

Presbyterian Manse Entered by Sneak Thieves Recently.

Sneak thieves have twice entered the Presbyterian manse, but fortunately they have not found what they were evidently looking for—money.

Rev. Dr. Hay states that they only turned things over in general in the kitchen and dining-room, while they also made a careful survey of the house, but failing to find valuables they did not take anything.

These robbers are more than likely to be Gainesville parties who understand the situation.

rection would have been impossible for access by Dr. Cook.

"I have no doubt that Dr. Cook has reached the North Pole. He is a man of extreme reliability, fairly scientific, and versed in geographical conditions in the Arctic regions. He has always manifested truthfulness in his every report and concerning explorations in the North he has been very exact. I am certain that he is truthful in this statement."

"Another point that would tend to help discourage disparaging statements, is that Cook's route was directly to Cracked Land, ending with a swift dash to the pole, which would lie directly north. Thus he would avoid the awful eastern drift of the terrible current in the Polar sea as north of Greenland."

"Peary undoubtedly would have accomplished what Dr. Cook has done if he had been better acquainted with the dangerous conditions confronting him in the frozen sea. Peary tried to avoid this condition by going westward, but this was his undoing. Peary made his dash too far eastward. Cook took advantage of Peary's failure and planned a round-about course."

Asked what benefits would be derived from Dr. Cook's discovery by the United States, Wallace said:

"The great northern country is a strange land to us. The geographical situation is a matter that is of real importance to our government. I have not the least doubt that Dr. Cook has taken a series of geographical notes, which will be of the greatest value. I have seen some of his notes which were sent back by him two years ago when he was in Greenland, which describes most convincingly the situation in the north. He tells of vast coal mines and other ore, which this country some day will find of the greatest value, and will be highly pleased to possess."

TAMPA MAN INVENTS NEW FLYING MACHINE

Gustav Loeffler, Owner of Nine Successful Patents, Turns His Genius in Another Direction.

TAMPA, Fla., Sept. 3.—The Daily Tribune of this city contains the following article of interest to Floridians:

"If the plans of Gustav Loeffler, proprietor of the Loeffler Wagon Works, and owner of nine successful patents, work out as successfully as he anticipates, Tampa will shortly gain fame in an entirely new direction. Mr. Loeffler is about to begin work on a flying machine of a pattern essentially different in many particulars from any hitherto constructed and which, Mr. Loeffler believes, will prove more of a success than any of them."

"Mr. Loeffler has carefully considered every particular of the machine which he proposes to build and has every detail worked out and pictured in his mind. 'I can close my eyes,' he said yesterday, 'and see the machine as it will appear when completed and feel absolute certainty that it will work successfully.' Mr. Loeffler believes that he will be able to introduce the flying machine into general use, as he believes that his form of airship can be manufactured cheaply enough to make it less expensive than an automobile. The model which he proposes to build first will cost about \$500 and be about 20 feet long."

"Mr. Loeffler's idea combines the principles contained in both the aeroplane and the dirigible balloon. His machine will be as similar to a bird as possible. First there will be a cigar-shaped gas-bag, and on top of this

instead of under, as has been the custom, will be the platform from which the machine will be operated. On each side there will be wings, which will have small gas bags at their ends for the purpose of balancing the structure. These wings will propel the machine, instead of the propellers in use in other machines. At the rear of the machine there will be a tail, by means of which the machine will be guided, and which will be controlled by a foot lever. Steering gear similar to that used in an automobile will be used, and the machine propelled by electric storage batteries. For carrying passengers, the machine will be larger and will be surmounted by an awning above which will be another small gas bag."

"I know that it will work," said Mr. Loeffler in summing up. He is confident that he will be able to show Tampanians how to fly in a short time, and it is probable that his machine will be one of the drawing features of the next State fair. With Florida's many advantages as a field for aeroplane races, there can hardly be a doubt that this State will in the future be the scene of these big events, and it is possible that the grand prize will be won by the Tampan. Mr. Loeffler's belief in the success of his invention is sustained by his nine previous successful patents, one of which is a new kind of rubber horse shoe which bids fair to net him a neat income."

Georgia-Florida Saw Mill Association's New Office

JACKSONVILLE, Fla., Sept. 3.—The Georgia-Florida Sawmill Association, general offices at Tifton, Georgia, have just established an office in Jacksonville. They are occupying a handsomely furnished office on the tenth floor of the new Atlantic National Bank building. This office has been opened for the benefit of all sawmill men and a general letter to this effect has been sent out to all the mills in Georgia and Florida. They are expected to make this office their headquarters while in Jacksonville. In fact it is to be an information bureau for the lumber interests in general.

The association has secured the services of O. E. Barnard, who has charge of this office. Mr. Barnard is a young man who is especially fitted for this position, having had ten years

experience in the lumber business, and is perfectly familiar with all the different details in the manufacture and distribution of lumber, having worked in the largest mills of the South and wholesale and retail yards and on the docks at Philadelphia. He is a competent lumber inspector and will be glad to investigate any trouble that the mill men may have with any shipment to Jacksonville.

Mr. Barnard has just moved with his family to Jacksonville from Micanopy, Florida, where he has resided for the past four years. He was connected for nearly three years with the Mellon Lumber Company of that place as office manager, etc. He is to be found daily at 1903 Atlantic National Bank building and extends a cordial invitation to all persons connected with the lumber business to call and see him.

PREPARING TO WELCOME COOK.

NEW YORK, Sept. 3.—Preparations already are afoot here to make the coming of Dr. Frederick A. Cook an event of national and possibly of international importance. If the plans outlined yesterday by the members of the Arctic Club are carried out, the welcome home which Dr. Cook will receive in New York will be an occasion in which city, State and nation will take part, while prominent explorers, Cook's former rivals—from all parts of the globe, will gather to pay their personal tribute to his achievement.

Among the most notable of those who in all probability will be here to greet Dr. Cook on his return will be Lord Shackleton, the intrepid Englishman, whose recent explorations in the Antarctic during which he succeeded in pushing nearer to the South Pole than had any previous explorer, made him a figure of world-wide prominence.

Members of the Arctic Club hope that President Taft may himself be present as the nation's representative to welcome Dr. Cook.

Among the explorers who are expected to take a prominent part in the welcome to Dr. Cook are the Duke of the Abruzzi, Dr. Fridtolf Nansen, Capt. Roald Amundsen, Gen. A. W. Greely, Rear Admiral George Melville, Anthony Fiala of this city and Capt. Jose Bernier.

No definite date has yet been set for Dr. Cook's arrival.

Roosevelt Is Now After Pelicans With His Rifle

GOVERNMENT FARM, Naivasha, B. E. A., Sunday, Aug. 29.—Col. Roosevelt, accompanied by Major Mearns, came into Naivasha on Thursday, July 22, riding round the east side of the lake, while J. Alden Loring, the naturalist, came across in Capt. Attenborough's launch. Prof. Edmund Heller remained at the Attenboroughs.

Kermit Roosevelt had come into the township the day before, and he and the correspondent went out to meet Col. Roosevelt at lunch at the government experimental farm on the Morendat river, where he was entertained by J. K. Hill. After the meal the party rode over the farm, inspecting the flocks of sheep and the pedigreed stud stock.

Col. Roosevelt, Kermit and the cor-

respondent returned later to Naivasha, and found that R. J. Cunningham, general manager of the expedition, with all the porters and the baggage, had only just arrived.

Early next morning the correspondent went down to the camp, and had breakfast with Col. Roosevelt and Kermit, and then started off in a small rowboat for pelicans.

We had not gone far when the Colonel brought down a couple of Egyptian geese with a very pretty shot. We then turned the boat for the usual hunting ground of the pelicans and brought it with the least possible noise to within 150 feet of two specimens. Col. Roosevelt took

(Continued on Page Two.)

The Lusitania Breaks Three of Ocean Records

NEW YORK, Sept. 3.—Times new ocean records fell to the Cunard liner Lusitania on her latest trip from Queenstown, which ended last night. The Lusitania made the passage in four days, eleven hours and forty-two minutes, thereby clipping three hours

off previous times. She maintained an average speed of 23.5 knots for the entire voyage, beating the Mauretania's record of 23.4, and finally by landing her passengers at the Cunard pier shortly before 8 o'clock last night, she became the first liner to dock on the fourth day out of Queenstown.

Examinations for Three Thousand Census Clerks

WASHINGTON, Sept. 3.—The bureau of the census yesterday announced that approximately three thousand temporary clerks will be appointed in connection with the work of taking the thirteenth decennial census. The first examination will be held throughout the United States on October 23, next. Very few appointments from this examination will be made before January 1, next, and not many will be made until April 1910. The maximum force will be drawn about August 1, next.

These applicants will receive salaries

of \$600 per annum at the beginning, but promotions, it is asserted, to at least \$900 yearly will be reasonably rapid for those who render satisfactory service.

Blank application forms and a circular of instructions, the bureau announces, may be obtained after September 10 by addressing the civil service commission, Washington, D. C. the bureau of the census, Washington, or the secretary of the board of examiners at the following named places, among others: Postoffice, Atlanta, Ga.; custom house, New Orleans, La.

KELLEY'S MILL SUFFERS FROM RAGE OF STORM

STORM BLEW OFF ROOFS AND
DID CONSIDERABLE DAMAGE.

Greatest Loss Was to Material Which
Had Been Placed in Storage

Rooms.

The storm of Thursday evening, which was only slightly felt in this city, is reported to have done considerable damage in the Prairie Creek section, having demolished a number of buildings and damaged the large venerable mill of Kelley & Sons to some extent.

The damage at this place alone will amount to about \$1,500, so one of the members of the firm informed the reporter Friday, but the greatest loss was to material which was already cut and placed in the large storage warehouse.

Two of the smokestacks were blown down, while a number of the roofs were taken off the buildings.

The damage to the machinery is slight, as was also the timber in the woods, and Dr. Kelley is of the opinion that they can get the plant running within the next week. They hope to be able to use all of the fallen trees before the worms get to work upon them.

South of Rochelle and near the junction the storm was very severe, and a heavy loss of timber is reported from that section. The Gainesville excursionists were passing this point at about the time the storm was at its worst and could plainly see the trees falling in all directions.

ORANGE HEIGHTS.

ORANGE HEIGHTS, Sept. 2.—We hope the rainy season will soon be over.

Nathan and Bell Hall are both at home.

Mrs. Carrie Yearwood and Mr. Spear Yearwood and family of Melrose visited the family of Wm. McMillan Saturday and Sunday.

Miss Bell McMillan, who has been at Melrose for some time, is at home again and everyone is glad to see her smiling face.

A little daughter came last Monday to gladden the hearts of Mr. and Mrs. Henry Davis.

Jos. Adams visited Gainesville on business last Thursday.

Miss Lillian Yearwood and sister, Terressa, of Melrose, are visiting the family of their uncle, Wm. McMillan.

Mrs. Sarah Tillman has moved from her farm near here to this place, over the store of her brother, W. J. Tillman.

Mrs. Jos. Adams visited the family of J. H. Patterson of North Gainesville Thursday and Friday, of last week.

Mrs. Geo. Fletcher and children visited at Micanopy last week.

Joe and Jake Ponds are mowing the grass off the school yard this week.

School will begin September 6th.

Wm. Paulsen was at Waldo last week assisting the postmistress.

A Narrow Escape.

Edgar N. Bayliss, a merchant of Robinsonville, Del., wrote: "About two years ago I was thin and sick, and coughed all the time and if I did not have consumption, it was near it. I commenced using Foley's Honey and Tar, and it stopped my cough, and I am now entirely well, and have gained twenty-eight pounds, all due to the good results from taking Foley's Honey and Tar." J. W. McCollum & Co.

Will Leave for Vacation.

Geo. P. Morris, the hustling insurance agent who has twice won distinction for getting the largest volume of business, left yesterday for his annual vacation, which will be spent in Alexandria Bay, N. Y., and also other points, as the guest of the Prudential Insurance Company. He was the top-notch in writing business last year, but this year he is the only agent in Florida who has won the distinction of coming up to the required amount necessary to win the trip with all expenses attached.

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock Blood Bitters builds up sound health—keeps you well.

Jap-a-Lac

A Combined

ROOSEVELT IS NOW AFTER PELICANS WITH HIS RIFLE

(Continued from Page One.)

ful aim and killed a splendid bird with a single shot from his rifle.

Col. Roosevelt and Kermit afterwards indulged in shooting gulls, which have long red beaks and legs and feathers of a beautiful slate blue. In all, they bagged five fine specimens and also secured a complete nest with three eggs.

Early next morning Col. Roosevelt and Kermit proceeded by the ordinary passenger train to Nairobi, traveling in the traffic manager's carriage or on the cow catcher.

On arrival at Nairobi the Colonel drove to Mr. MacMillan's house, where he is to remain as a guest during his stay in Nairobi.

To Be Happy

You must have good health. You can't have good health if your liver is not doing its duty—slow but sure poisoning is going on all the time under such circumstances. Ballard's Herbine makes a perfectly healthy liver—keeps the stomach and bowels right and acts as a tonic for the entire system. Sold by W. M. Johnson.

Mayor's Court Friday.

There was a light docket at the mayor's court Friday morning, after the postponement of the gambling cases against the negroes.

Elmer Norris, Freddie McRae and W. C. Dansy, riding bicycles on sidewalk, were all let down with the payment of costs.

The cases of James Carolina, Gus DeBose and Rex Ross, crossing the line at the Seaboard depot, were continued until Monday.

The case against the gamblers was continued until Monday morning.

Warning.

Do not be persuaded into taking anything but Foley's Honey and Tar for chronic coughs, bronchitis, hay fever, asthma, and lung trouble, as it stops the cough and heals the lungs. J. W. McCollum & Co.

One who lives in a furnished room can be pretty "independent"—for the eds. keep the best to be had within his reach.

Take care of your stomach. Let Kodol digest all the food you eat, for that is what Kodol does. Every tablespoonful of Kodol digests 2½ pounds of food. Try it today. It is guaranteed to relieve you or your money back. Sold by all druggists.

Say It!

If your doctor says this is all right, then say it over and over again.

Headaches.

Don't forget.

FOR SILVER SERVICE.

Board of Trade Takes Action to Secure Funds.

At the suggestion of Mayor Davis, the Gainesville Board of Trade have taken up the matter of raising funds for the purpose of a silver service for the battleship Florida.

Parties desiring to contribute to the fund can notify B. F. Hampton, who is secretary, and the amounts will be credited. Following is the list of contributions up to last night:

B. F. Hampton	\$ 5.00
B. R. Colson	1.00
Childs Warren	1.00
H. S. Chubb	1.00
E. E. Cannon	1.00
H. B. Arnold	1.00
W. R. Thomas	1.00
W. W. Hampton, Jr.	1.00
E. D. Turner	1.00
H. P. Robinson	1.00
A. R. Harper	1.00
T. W. Shands	1.00
W. H. Anderson	1.00
R. G. Zetrouer	1.00
J. W. Blanding	1.00
E. G. Baxter	1.00
Dr. Geo. S. Waldo	1.00
Phifer Bros.	1.00
Geo. K. Broome	1.00
Dr. H. C. Spencer	1.00
Hon. Frank Clark	1.00
Geo. Glass, High Springs	1.00

Contributions to the above fund will be received from parties residing at any point in Alachua county.

ARNOW WILL RETURN.

Wires Marshal Owens That He Will Be Here Today.

B. T. Arnow has wired Marshal Owens that he will return to the city some time during the day, and will face the council in the charges that have been preferred against him by the mayor.

He further stated that he had nothing to fear by returning to Gainesville and can satisfactorily explain his sudden departure, which was occasioned by an urgent telegram of a personal nature requiring his presence in the Georgia city, and he did not have time to confer with the mayor before his departure.

Health and Beauty Aid.

Cosmetics and lotions will not clear your complexion of pimples and blotches like Foley's Orino Laxative, for indigestion, stomach and liver troubles and habitual constipation. Cleanses the system and is pleasant to take. J. W. McCollum & Co.

Gainesvillians to Ocala.

In all about twenty of our citizens went down to Ocala yesterday afternoon to witness the second ball game between the two teams. Among those on the trip were: Harry Denton, Mrs. J. A. Ettel, Dr. Jas. M. Dell, B. M. Tench, J. B. Brooks, C. A. Faircloth, J. Maxey Dell, A. B. Hartsfield and a number of others. "Stung!"

DeWitt's Little Early Risers, the safe, sure, easy, gentle little liver pills. The original Carbolized Witch Hazel Salve is DeWitt's. The name is plainly stamped on every box. It is good for cuts, burns, bruises, sores, boils and sunburn—but it is especially good for piles. Sold by all druggists.

Get the New Contract.

Oliver & Kite were the successful bidders on the hauling for the new contract on the University work, while S. M. Davis was the successful one in securing the crushed rock contract. These contracts are about as large as the government building and it will now keep all three stables running to supply their demands.

For Feverishness and Aching

Whether from Malarious conditions, colds or overeating, try Hicks' Capudine. It reduces the fever and relieves the aching. It's liquid—10, 25 and 50 cents at drug stores.

A Concise Explanation.

"How does that man always manage to appear as the leader of you people?" "I suppose," answered Farmer Corn tossed, "that it's simply because he's smart enough to get ahead of us."—Washington Star.

The Sun office for calling cards.

Woman's Friend

Nearly all women suffer at times from female ailments. Some women suffer more acutely and more constantly than others. But whether you have little pain or whether you suffer intensely, you should take Wine of Cardui and get relief.

Cardui is a safe, natural medicine, for women, prepared scientifically from harmless vegetable ingredients. It acts easily on the female organs and gives strength and tone to the whole system.

TAKE CARDUI

The Woman's Tonic

Mrs. Verna Wallace, of Sanger, Tex., tried Cardui. She writes: "Cardui has done more for me than I can describe. Last spring I was taken with female inflammation and consulted a doctor, but to no avail, so I took Cardui, and inside of three days, I was able to do my housework. Since then my trouble has never returned." Try it.

MARY RANSOM TRIES TO USE HER KNIFE

MADE SEVERAL SWINGS AT
DEPUTY SHERIFF JOHNS.

Officer Finally Subdued Her and
Placed Her Under Arrest.
Trial Next Wednesday.

Mary Ransom, a negress of this city, was arrested Thursday night when she attempted to make "mince meat" out of Special Agent Will Johns of the Coast Line.

Mary had indulged in too much "tea" and was making herself rather obnoxious to other passengers when she was approached by the deputy and asked to quiet down. Instead of obeying his commands she began abusing him and pulled her knife, making a number of slashes before she was subdued by the officer's billie.

The officer brought her here and turned her over to Sheriff Ramsey, and on Friday had a warrant issued for her upon the charge of assault.

Mary was brought before Judge Mason in the afternoon and the trial postponed until next Wednesday morning at 9 o'clock.

She succeeded in making a few slashes in the clothes of Special Agent Johns, but failed to graze the flesh.

This woman is known to have quite a bad reputation and has been in "scraps" on numerous occasions, but this charge is the most serious one upon which she has ever been held.

Robert Morgan, who sells beef on Wall street and who has been a well-known character here for a great many years past, was arrested by the same officer on a charge of stealing whiskey. Robert gave bond for his appearance before the Judge next Thursday.

John Harris, charged with stealing a package containing beer and whiskey, was arrested and some of the goods found in his possession. He will be given trial along with the others and will probably get a few months in the gang for his love for the "red water."

Accidents will happen, but the best-regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts.

**GAINESVILLE
HARDWARE CO.**

OCALA WON SECOND GAME OF THE SERIES

THE SCORE WAS FIVE TO A BIG
ROUND RING.

Walker Pitched Steady Ball, While
Ainsley Was Hit Freely, Watson
Being Substituted.

Contrary to the expectations of the Oak Halls and those who journeyed to Ocala to witness the second game of the series Friday, the Gainesville boys were defeated by the score of 5 to 0.

Ainsley, the left-handed boy who recently joined the local team, was not at his best, suffering with an injured finger, and Watson relieved him in the box in the fifth inning. Watson only gave up two hits in the four blocks that he twirled, which is good considering the batting armor with which the Brick Cityites seemed possessed. Walker, the Palatka pitcher, was in good form and did good work for Ocala, only allowing one hit. Pete Allen got that.

Tim Hendricks, the plucky third-baseman, made a daring attempt to steal home, and it was by a very close decision at the plate that Tim was prevented saving Gainesville from a shut-out.

Allen played the game for all there was in it, getting one hit—the only one made for us—and also being credited with two put-outs and two assists. Peddy's record at short is also good, he getting two put-outs and making three assists. Hooks has a clean record, as well as Graham and Spottswood.

As matters now stand, Ocala has one game on Gainesville, hence if we win today's contest the honors will be even again.

Windham will return to his home at Orlando today, Ocala retaining Jones, the Sanford man who won a game here from the Oak Halls, to do the twirling for them.

Doe Wilson, the boy who accomplished such good work in Thursday's game, will pitch for Gainesville, and we predict victory once more.

The Box Score.

and People Believe Some Error
Exists in the Accounts.

H. G. Hardee, a prominent young man of Levy county and postmaster at Chiefland, has been arrested and brought to this city to stand trial before Commissioner Cushman upon a charge of misappropriating Government funds.

Several witnesses have been summoned here to testify in the hearing, which has been set before the commissioner at his offices this morning.

A number of friends of the young man believe that he is innocent of all intentional wrong. They are of the opinion that he has gotten his accounts mixed in some manner and believe that he will come out of the case all right.

He is connected with some of the very best people of Levy county.

Deputy Marshal Richardson, who went after and arrested him, has given him the most kindly consideration and exercised every effort to secure bail for the young man, which was finally given through a close relative of the defendant.

DEATH OF MISS RAUE.

Dies at Home of Parents After Long Suffering.

Miss Annie Raue, eighteen years of age, who has been a patient sufferer from consumption for the past several months, died at the home of her parents in South Gainesville Friday afternoon at 2 o'clock from the dread disease.

Her death was not unexpected, for she had been gradually sinking for the past number of days and the family were advised of the serious condition several days since by the attending physician.

The funeral services will be held from the home of R. B. Peeler, in South Gainesville, this morning at 1 o'clock, the Rev. F. R. Bridges conducting the same, while the remains will be in charge of Undertaker T. F. Thomas and the interment in Evergreen cemetery.

NEWS OF CITY AND COUNTY CONDENSED

Deputy George W. Livingston arrived in the city yesterday with the two negroes, Dan and Mose Neasman, who were charged with administering a severe whipping to the negro White a few days since. They plead guilty before Judge Mason and were let off with a fine, which was promptly paid.

Miss Eva Dean of Gainesville is enjoying herself in Inverness another week, the guest of Miss Ethyl Olmstead. Miss dean is an extremely prepossessing young lady and is endearing herself to the young society people of our town. Tuesday she visited The Chronicle office and was initiated into the mysteries of the "art preservative of all arts," but we do not believe she will follow it. She has another string to her bow, thousands of miles away. May he return safe and sound and—well, the reader must surmise the rest.—Inverness Chronicle.

Testifies After Four Years.

Carlisle Center, N. Y., G. B. Burhans, writes "About four years ago I wrote you that I had been entirely cured of kidney trouble by taking two bottles of Foley's Kidney Remedy, and after four years I am again pleased to state that I have never had any return of those symptoms, and I am evidently cured to stay cured." Foley's Kidney Remedy will do the same for you. J. W. McCollum & Co.

Labor Day Celebration.

The colored people of this city are planning a big Labor Day celebration Monday at the ball park. A free barbecue is planned and the attendance is expected to be large.

A team from Hawthorn will play the Gainesville boys. Several speeches will be made by leading men of the race. Rev. Dr. Thos. H. B. Walker has been selected as orator and Rev. H. K. Hill master of ceremonies.

PAM-ALA

Is Mightier Than
QUININE.

The cause of Malaria arises from Swamps or effluvia from decomposition of animal or vegetable matter. The effect is to produce Fevers, known under many names in different parts of the world, as Chills and Fever, and Fever and Ague, etc. In the past the Doctors' only remedy was Quinine, a very useful, but dangerous drug. The Cure for MALARIA is

"Old Stand With New Name"

NEWS FROM ALL PARTS OF FLORIDA

Cotton is now coming in at a fairly good rate; 151 bales were ginned in Campbellton last Saturday.

The Ferns Hotel at Tarpon Springs is being enlarged. Tarpon Springs is one of the prettiest spots in Florida and the tourists are sure to find it out.

On last Tuesday the new grain rates to Tampa went into effect. This rate is the same as the Jacksonville one, and will save thousands of dollars to the people of South Florida.

Very acceptable amounts are still being received at the mission which is being established in Pensacola. This is a great and good work and the results are very gratifying.

Work on remodeling the upper floor of the First National Bank building is progressing favorably. Notable among the alterations are dormer windows.—St. Augustine Record.

The foundation is being laid in Palmetto for an ice plant of sixty tons' capacity daily, entailing an expenditure of \$75,000. This plant will be in operation about November 1.

The August collections for the Tampa district are the largest in the history of the custom house for the same month of any year at that point. The collection amounted to \$179,602.68.

The Pensacola Merchants' Association has moved into its spacious new quarters in the Fisher building. This association is rapidly becoming one of the most important organizations of its kind in that city.

The bridge over Six-Mile creek, on the road to Plant City, was washed away Tuesday night by the rush of water which covers all the bottom land in its territory. The bridge was of steel and cost several thousand dollars. The loss is said to be almost total.

At the boat works of W. I. Huffstetler a spacious party boat is being built, the same to be ready for delivery to the owner by the 15th of November. The boat is 53 feet over all.

Very Bad Cough. Pe-ru-na Stopped It.

DAUGHTER OF MRS. J. M. BROWN. Mrs. J. M. Brown, Dunnegan, Mo., writes: "My little daughter, three years old, was troubled with a very bad cough which remained after an attack of catarrhal fever, which was a great deal worse at night. "She would wake up out of her sleep and cough until I feared she could not stand it. "Nothing that we gave her seemed to do her any good. I then concluded to send for Dr. Hartman's book entitled 'The Ills of Life,' which I promptly received. "I at the same time commenced giving her Peruna. She has taken one bottle in all, through which she has obtained a complete cure. "She also since her birth was troubled with indigestion, but since she has taken Peruna she can eat almost any kind of food without any bad results. "She is now as well and happy as any little girl can be. When our friends say how well she looks, I tell them Peruna did it. "I shall always be a friend of Peruna, as I consider it the best medicine for coughs and indigestion we have ever tried, and will recommend it to any one similarly afflicted."

MRS. LYDIA J. SPOONER, Santa Monica, Cal., writes that they are never without Peruna in the home, that they find it the finest family remedy they have ever used.

has fourteen foot beam, double deck, and fitted with a thirty-six horse-power Buffalo engine. It is to be a solid specially built party boat, and nothing left undone to make it a safe conveyance for fishing or cruising parties. A specialty will be made of visiting the State dredge Miami with this boat this winter, it being specially constructed so as to make traffic to the dredge in the Everglades a very easy matter.—Miami Metropolis.

STEEL PRESIDENT'S FIREPROOF HOME

NEW YORK, Sept. 3.—Frank N. Hoffstot, president of the Pressed Steel Car Company, which has been having such serious trouble with its employees at McKees Rocks, Pa., has distinguished himself among country residents about New York by building an absolutely fireproof home. Mr. Hoffstot's new home is at Sands Point Long Island, on the edge of a cliff 200 feet above the waters of the Sound.

He even has a steel-trussed roof for the house. The main structural parts are made of "skyscraper blocks"—hollow terra cotta blocks of the kind used for fireproofing the tall buildings of Manhattan Island. The walls are 12 inches thick—made of two rows of 6-inch blocks, laid end on end, with hollow spaces running vertically. Floors and partitions are of the same material. The steel-trussed roof rests upon the terra cotta walls.

The structure is said to be about the safest home ever put up in the vicinity of the metropolis. Many others have terra cotta walls, but few have so little combustible material in the other parts.

Mr. Hoffstot planned a number of outbuildings of hollow blocks, but he has stopped work upon these on account of the trouble at McKees Rocks. This takes up all his time now, and he won't be able to continue his fireproof building scheme until the situation has become a great deal more placid than it is at present.

Have You a Baby?

Then watch it closely. And above all things don't let it suffer for any length of time with worms—that is fatal. If its complexion gets yellow and pasty, if it is listless, cross or peevish, gets thin, suffers with flatulence, give it White's Cream Vermifuge—the only cure that never fails and has no bad effects. Sold by W. M. Johnson.

Pass-a-Grilla is now the possessor of a fine flowing well. It is thought that by drilling a few feet deeper the flow will be better. The outside cement work will be completed this week and a nice pavilion erected.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies. We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated. These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems, operating in various sections of the country, are uniform in their equipment and in their methods of operating. Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere ask for "Long Distance" and be put in communication with almost any point in the country. This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

Southern Bell Telephone and Telegraph Company

Efficient Service. Reasonable Rates

Are YOU Being "Hunted?"

One of today's want ads. may be hunting you—ransacking the city for you. It may have a message for you of urgent personal importance—one that, when you get it, and heed it, may change the immediate currents of your activities, of your interests—may even place around and about you new environments, new associates; may give you an entirely new start in a business way.

Isn't it worth while to try to find out whether this may not be true—today, tomorrow, or very soon?

AN OLD TIME HANGING.

The Dark Day When "Old Jennie" Was Executed in Maryland.

"As dark as the day when old Jennie was hung" is one of the many quaint sayings that for generations has been used on the lower eastern shore of Maryland; but from the accounts that have been given by those who lived in old Jennie's day there never has been a day since that time as dark as the day on which she was executed for wholesale murder in the neighborhood in which she lived.

The old murderess was publicly hanged in 1815 in the old jail yard at Princess Anne, and all those who remembered that particular day have passed into the great beyond long ago. The murderess was a white woman, tall and angular, and it was said that she resembled what was popularly supposed to be a witch far more than she did the up-to-date woman of that day. In fact, local history records that she practiced witchcraft. No one ever knew where she came from, she having "dropped down" very mysteriously into the neighborhood, where she killed a family of four.

Old Jennie was not hanged on a scaffold. In those days murderers were executed with as little trouble and expense as possible. The wizen faced terror of all Somerset was placed in a cart drawn by two oxen and placed directly under a stout limb of an old oak tree which stood in the jail yard. The rope was fixed in rude fashion around her neck, amid the burrns of the crowd and the curses of the doomed woman, and when all was in readiness a bunch of fodder was placed ten paces from the oxen's heads, and they were given the word to start. Obeying the command, they made a bee line for the fodder and left old Jennie dangling at the end of the rope.

That day, it has been told thousands of times, was the darkest ever known in this section. Chickens remained on their roosts throughout the entire day, while candles by the score burned in the houses that the servants might see to do their work. The local scientists of that day were at a loss to account for the strange phenomenon, and the graphic descriptions which they gave of it and which were recorded years ago make interesting reading.

The darkies and superstitious whites of those days naturally thought that the end of time had come. A great many negroes declare today that the ghost of old Jennie may be seen stalking around on the edge of the woods near where she committed her crimes any time on a dark, cloudy night, and they are very careful not to encounter her.—Orlolo (Md.) Cor. Chicago Inter Ocean.

WINGS THAT WERE FINS.

Evidence That Penguin's Pinions Were Once Used For Swimming.

Ornithological puzzles are the penguins, with their curiously shaped wings and odd, unbirdlike, upright carriage. The peculiarities of their wings suggest that the penguins are descend ants of birds which used their wings rather than legs in the pursuit of prey under water, and as the struggle intensified between the competing individuals the most expert at this sort of swimming would get the most food and oust less successful rivals. The winners gained advantage over their neighbors in proportion as their wings improved as swimming organs and inversely and of necessity became less suited to perform the work of flight.

In all other birds the feathers, though shed annually, are more or less gradually displaced. But in the penguins the new feathers all start into being at the same time and thrust out the old feathers upon their tips so that these come away in great flakes. Whereas in all birds save penguins the new feathers as they thrust their way through the skin end in pencil-like points, formed by investing sheaths, in the penguins these sheaths are open at the tips and attached by their rims to the roots of the old feathers, and hence these are held to their successors and they have attained a sufficient length to figure protection against cold.

The curious device for retaining the warmth afforded by the old feathers until the new generation can fill their places is apparently due to the fact that penguins are natives of the antarctic regions, although some now inhabit tropical seas.—Chicago Tribune.

CHILD COVERED WITH HIVES

Tormented Two Months—It Itched and Irritated and Scratching Made It Worse—Little Sufferer in Terrible Plight—Several Treatments of No Avail—But at Last the

DREADFUL DISEASE IS CURED BY CUTICURA

"My six year old daughter had the dreadful disease called hives for two months. She became affected by playing with children who had it, although we did not know it. By scratching she caused large sores which were irritating. Her body was a complete sore but it was worse on her arms and back. We employed a physician who left medicine but it did not help her and I tried several remedies but without avail. Seeing the Cuticura Remedies advertised, I thought I would try them. I gave her a hot bath daily with Cuticura Soap and anointed her body with Cuticura Ointment. The first treatment relieved the itching and in a short time the disease disappeared. I recommend the Cuticura Remedies for all skin diseases and give them my greatest praise. Mrs. Geo. L. Fridhoff, R. F. D. 1, Warren, Mich., June 30 and July 13, 1908."

Boy's Back Raw

From Shoulder to Shoulder. Scratched till Blood Ran. Cured by Cuticura.

"My son's back was raw from shoulder to shoulder and the width of your hand. I really did not think he ever would be cured. He would scratch until the blood would run and he was like a raw piece of meat. I used different kinds of things but each kind made it worse until I read of the Cuticura Remedies, and one cake of Cuticura Soap and one box of Cuticura Ointment cured him like magic. I would not be without it in the house and I have recommended it to all my friends. Mrs. J. D. Maxwell, 6th St., Woodside, Long Island, N. Y., May 21, 1908."

Complete External and Internal Treatment for Every Humor of Infants, Children and Adults. Cuticura Ointment (50c) to Cleanse the Skin, Cuticura Soap (50c) to Heal the Skin and Cuticura Resolvent (50c) to Purify the Blood. Sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass.

Mail Free. Cuticura Book on Skin Diseases.

The Red Sea.

In the Red sea reefs of bright pink coral are clearly to be seen. Much of the rocky bed of this sea is the work of the coral insect. But probably the true reason for the name of the Red sea is because along its eastern shore lies ancient Edom. This word signifies "red." It was given to the region not from the color of its sandstone hills, but from its people. These are the descendants of him who came to faint and weary from hunting and said to his brother, "Feed me, I pray thee, with that same red pottage, for I am faint," therefore was his name called Edom.

Health

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest relieved by Herbine, the best liver regulator that the world has ever known. Sold by W. M. Johnson.

Short and to the Point

A coal merchant who was a man of few words once wrote to an agent the following brief letter:

"Dear Jones—"

In due time the agent's reply came as follows:

"Dear Sir, dearest—"

The coal dealer's letter, translated, said, "See my coal on," which is the common expression verbally.

The agent informed the dealer that the coal was shipped by saying simply, "Colon,"—Snap Book.

"I am glad to see the great English

Irishman said, 'Watch your kidneys.

When they are affected, life is in danger.' Foley's Kidney Remedy

makes healthy kidneys, corrects urinary irregularities, and tones up the whole system."—J. W. McCollum & Co.

Who Voted?

Benjamin Franklin once discussed the property qualification for voting in Pennsylvania. A man owned a donkey of sufficient value to enable him to vote, but before the next election the donkey died, and the man's vote was refused. "Now," asked Franklin, "who voted at the previous election, the man or the donkey?"

A Tribute.

Walter—They do say ye're a great hand at a Welsh rabbit, sir. The Clubman—They do, eh? The Walter—Yis, sir. Ol heerd wan man say ye made wan that was worth all the trouble it gev him afther he ate it.

More in His Line.

"Do you think I will make a player?" asked a sluggish applicant for football.

"You may make a chess player," said the coach. "You are slow enough in moving."

The morose man takes both narrow and selfish views of life and the world. He is either envious of the happiness of others or denies its existence.—Simmons.

4 Per Cent Paid in Savings Department

MASTER'S SALE.

Notice is hereby given that under and by virtue of a final decree dated July 28th, A. D. 1909, rendered by the Judge of the Circuit Court of Alachua county, Florida, in chancery sitting, in favor of Theodosia T. Williams, complainant, and against J. J. Parish, Jr., and J. F. Graddy, as co-partners under the firm-name and style of J. J. Parish, Jr., & Company, Bankers; J. H. Coffee, as Receiver of said defendants; H. A. Williams; W. D. Finlayson, Jr.; and W. E. Kite and Robert Kite, as co-partners under the firm-name and style of Robert Kite & Son, defendants, the undersigned Special Master in Chancery will sell on Monday, the 6th day of September, A. D. 1909, between the legal hours of sale of said day, before the Court House door at Gainesville, Florida, at public outcry, to the highest and best bidder therefor, for cash, the following described lands, to-wit:

All that certain lot, piece, parcel or tract of land situate, lying and being in Waldo, Alachua county, Florida, described as follows, to-wit: In Lot 2 of Block 8, said lot running north-west and southeast 20 feet, fronting and running parallel with Sparkman Street; thence running back from Sparkman Street 45 feet on the dividing line of Lots 2 and 3; thence running 20 feet towards the dividing line of Lots 1 and 2; thence running back 45 feet, fronting on Sparkman Street. Together with all and singular the tenements, hereditaments and appurtenances to the same belonging or in anywise appertaining.

And also the following described personal property, to-wit: One typewriter and one typewriter desk.

And that on the same date and between the legal hours of sale of said date, I will, in the same capacity as such Master, sell at public outcry, to the highest and best bidder therefor, for cash, at the building situated on the above described lands, the following described personal property in said building on said lands situated, to-wit:

All the bank and office fixtures and furniture of whatsoever nature contained in the bank building on the above described tract of land.

Said property to be sold as the property of J. J. Parish, Jr., & Company, Bankers, to satisfy said decree and costs. T. W. FIELDING, Special Master in Chancery.

T. B. ELLIS, JR., Solicitor for Complainant.

PETITION FOR ELECTION.

To the Honorable Board of Public Instruction, Gainesville, Alachua County, Florida—We, the undersigned voters and taxpayers residing in the Trenton Special District, petition your Honorable Body to call an election for the purpose of changing the boundaries of the said Special District so as to embody the hereinafter described territory, and to elect trustees for the same, and to name the millage that shall be assessed on said territory:

Beginning at the SW. corner of Sec. 19, T. 10, R. 15, and running North 4 miles, thence East 3 miles, thence North 3 1/2 miles, thence East 3 miles, thence South 3 miles, thence West 1 mile, thence South 1 mile, thence East 1 mile, thence North 1/2 mile, thence East 1 mile, thence South 3 miles, thence West 3 miles, thence South to the Levy county line, thence Westward along the county line to beginning point. (Signed)

W. A. Brawnell, S. G. Gay, J. R. Beach, W. A. Lindsey, J. P. Watson, W. E. Bell, B. F. Williams, R. L. Fison, H. F. Brooker, W. H. Jones, A. L. Sanders, W. E. Beach.

Note—The above petition will be acted upon by the Board of Public Instruction of Alachua county, Florida, at the meeting to be held on September 14, 1909.

SHERIFF'S SALE.

Notice is hereby given that under and by virtue of an execution issued July 28, 1909, by the Clerk of the Circuit Court of Alachua county, Florida, directed to all and singular the sheriffs of the State of Florida, upon a certain foreign judgment recorded in said Circuit Court, in favor of J. Williams, plaintiff, and against M. Davis, defendant, I, P. G. Ramsey, Sheriff of said county, Florida, will sell to the highest bidder, the property of the said defendant, M. Davis, the following described real estate, situate in Alachua county, Florida, to-wit:

Lot 2 and 4, B. 15, south of railroad in the Town of Haines, according to the recorded plat thereof, also known as Lot 2 and 4, B. 15, S. 10, T. 10, R. 15, Alachua county, Florida.

And with, between the said lot 2 and 4, B. 15, S. 10, T. 10, R. 15, Alachua county, Florida, and the lot 2 and 4, B. 15, S. 10, T. 10, R. 15, Alachua county, Florida, the following described real estate, situate in Alachua county, Florida, to-wit:

Lot 2 and 4, B. 15, S. 10, T. 10, R. 15, Alachua county, Florida, according to the recorded plat thereof, also known as Lot 2 and 4, B. 15, S. 10, T. 10, R. 15, Alachua county, Florida.

The said and above described real estate will be sold to the highest bidder therefor, for cash, before the Court House door at Gainesville, Florida, on September 14, 1909, at 10 o'clock A. M.

Witness my hand and seal of said County, this 1st day of August, A. D. 1909.

P. G. RAMSEY, Sheriff Alachua County Florida.

T. B. ELLIS, JR., Attorney for Plaintiff.

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, War-pen's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit

a few of them in the following enumeration of what

Gainesville Has:

One artist.
No saloons.
One garage.
Four hotels.
Four restaurants.
One laundry.
Vat works.
Ten churches.
One gas plant.
Two tin shops.
Three bakeries.
Ten post offices.
Six fruit stores.
Two gunsmiths.
Six restaurants.
One seed store.
Board of Trade.
Six drug stores.
Four shoe shops.
State University.
Masonic Temple.
Twenty lawyers.
Two paint shops.
Four contractors.
One bicycle shop.
Baseball diamond.
Two ice factories.
Six music schools.
One variety store.
One public library.
Two wagon works.
Two planing mills.
Two racket stores.
Two lumber yards.
One marble works.
Three silversmiths.
Three wood yards.
Five dental rooms.
One express office.
Free mail delivery.
Four beef markets.
Eight barber shops.
Two public schools.
Two music houses.
A telephone system.
Two haberdasheries.
Two abstract offices.
Four pressing clubs.
Two machine shops.
Two bottling works.
Six boarding houses.
One Catholic church.
A military company.
Three jewelry stores.
One phosphate office.
One Chinese laundry.
One Christian church.

Two steam laundries.
Two Advent churches.
One daily newspaper.
Two hardware stores.
One female physician.
Fifteen grocery stores.
Five Baptist churches.
Four furniture stores.
One cold storage plant.
One weekly newspaper.
Seven dry goods stores.
One photograph gallery.
Three cold drink stands.
One electric light plant.
Three blacksmith shops.
Three railway systems.
Eight benevolent orders.
Two Episcopal churches.
United States land office.
One chemical laboratory.
Thirteen Sunday schools.
Two veterinary surgeons.
One Presbyterian church.
Two cigar manufactories.
Four real estate agencies.
Volunteer fire department.
Several lumber companies.
Three Methodist churches.
A brass band organization.
Two photograph galleries.
Two moving picture shows.
Florida Winter Chautauqua.
First-class sewerage system.
One semi-weekly newspaper.
Five life insurance agencies.
Two fertilizer manufactories.
Five fire insurance agencies.
Two livery and feed stables.
One crate and basket factory.
One Elks' Club reading room.
Hardwood Manufacturing Plant.
Agricultural Experiment Station.
The Diocesan School of Florida.
Florida Winter Bible Conference.
Five dressmaking establishments.
National Odd Fellows' Sanitarium.
Three undertaking establishments.
Two of the best hotels in the interior.

Two wholesale grain and feed stores.

Two wholesale grocery establishments.

Water "that has made Gainesville famous."

The finest opera house in the State outside of Jacksonville

A Government building now being erected to cost when completed \$150,000.

Carpenters, masons, plasterers

painters, printers, machinists and laboring men galore.

More miles of paved streets and granolithic sidewalks than any other town in the interior of the State.

An \$55,000 court house built of brick and stone—a beautiful structure—and the lawns, flower beds, shrubbery, Confederate monument, etc., surrounding it, make it a most attractive picture.

Who Pays For Your Printing?

Poor printing is a detriment to any business, and is an unprofitable investment. Poor printing is usually paid for twice—once when you settle with the printer, and again in the injury it does your business.

GOOD PRINTING PAYS FOR ITSELF!

In the added business it brings, in the complete satisfaction you feel in sending out neat, tasty stationery, and its first cost is soon on the credit side of the ledger. Good printing is remembered long after the price is forgotten.

Join the club—get six pieces cleaned and pressed for \$1. Work called for and delivered. Commercial Pressing Club, 223 West Main street.

Mrs. A. B. Oliver and daughter, who have been spending the past few weeks in Georgia and other points, have returned to their home in this city.

H. H. Thomas of Melrose was a visitor to the city yesterday. He says that cotton fields are white in that section but, like other places, the farmers have lost heavily on account of the crop shedding.

Deputy Sheriff S. P. Thomas of High Springs was in the city yesterday. He came down to bring a negro, John Hoover, who was convicted in Justice Bexley's court upon a charge of hog stealing and given three months.

Act Quickly

and you will save yourself a lot of suffering and trouble. If you have a sudden chill—or take cold—if you have colic, cramp or diarrhoea, don't wait a minute. Take at once a teaspoonful of Perry Davis' Painkiller in a half a glass of hot water or milk. You'll be safe and on the right road to quick recovery. Then you'll escape serious illness. But you ought to have this tried and proven remedy on hand for immediate use. Being prepared is half the battle when the pain is to subdue. New size bottles also in 50-cent sizes.

J. F. Moody of Alachua, accompanied by his brother, Osia, were visitors to the city yesterday.

Get the very best to be had in fresh meats by placing your order with Harrold, the south side meat man.

Mrs. G. B. Tison and little daughter, Martha, have gone to Earleton to spend a few days visiting relatives.

Dr. C. L. Carter, who has been absent for the past several weeks taking a special course, has returned to the city.

J. E. Wainwright, accompanied by his daughter, Miss Julia, left yesterday for Jacksonville to be absent for the next few days.

I guarantee satisfaction in horse shoeing, also my painting, and all kinds of repair work. Remember me when in need. C. C. Pedrick.

Mrs. L. N. Hansell and little child, who have been spending the past number of weeks at Dothan, Ala., have returned to their home in this city.

R. Y. Winter, who is connected with the Florida Experimental station, left yesterday on his annual vacation and will be absent for about two weeks.

Graham Carter, postmaster at Levyville, was among the visitors to the city yesterday. He was summoned here as a witness before Commissioner Cushman.

G. L. Denton, a trucker of the Micanopy section, was transacting business in the city yesterday. He says the all of the planters are busy making preparations for fall crops.

H. Wertheim of Savannah is in the city in the interest of the whole sale house he represents. He is a cousin of Mrs. J. Manasse and was a resident of Jacksonville in his youth.

Mrs. C. C. Redlick and C. Haigher, who are making their home here with the family of T. B. Ellis, left yesterday for Cedar Key to be absent for the next week or ten days.

A. S. Chaves of Starke was a visitor to the city yesterday. He was here for the purpose of making arrangements to make his wife and daughter. They will make their place their home during the season of the University.

Mrs. W. M. Ballard and children, who have been absent for the past number of weeks at High Springs and Cedar Key, returned home yesterday. They were met by Jacksonville by Mr. Ballard, who is the hotelkeeper here.

John V. Denton, formerly a resident of this county but who is now of the land of a produce commission house of New York, is among the visitors to the city. He is spending the greater part of his time now in the Starke section and picks up a good deal of business from that point.

Do not be deceived by unscrupulous imitations who would have you believe that the imitation pills are as good as Dr. Williams' Kidney and Bladder Pills. There is nothing but a good, reliable, medicinal pill for the cure of backache, weak back, inflammation of the bladder, urinary disorders, all kidney complaints. Although a small pill, it is a powerful and reliable.
